

U.S.-Mexico Forum 2025

MAY 12-14, 2025 | LA JOLLA, CALIFORNIA

The U.S.-Mexico Forum aims to strengthen cooperation between both countries and across North America by identifying key challenges in their complex, asymmetric relationship and proposing constructive solutions. It also highlights opportunities for collaboration at both national and regional levels.

This year's Forum is especially timely, taking place as new presidential administrations take office in Mexico and the U.S. It offers a crucial space to reflect on the future of bilateral relations amid political transition.
